

Greater Chicago FAASTeam presents:

IMC/VMC Club - Flight Safety for Pilots

Members discuss short videos and how they would respond to the given scenario. This is an open forum for free ideas and we all learn from shared experience! Both VFR and IFR topics are covered, to expand our safe flying envelopes as the weather improves. All are welcome to join in these "outside the box" hangar flying discussions! Please Register to get WINGS credit for this event.

Please comply with all state and local Covid prevention requirements.

Directions: We meet at the EAA Chapter 22 Hangar. Look for the big EAA sign on the hangar, at the end of the row at the first right turn after the gate. If gate is closed, call 815-621-9142 for code. If the ground is wet, please park on the drive or on a concrete surface. Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.

A message from the National FAASafety Team Manager

Earn your WINGS to get a chance to win a prize. Go to www.wingsindustry.net for more info.
